General Information

California has established 5 types of economic development areas that have related tax incentives:

- Enterprise Zones;
- The Los Angeles Revitalization Zone (LARZ);
- Local Agency Military Base Recovery Areas (LAMBRAs);
- Manufacturing Enhancement Areas (MEAs); and
- The Targeted Tax Area (TTA).

A business may qualify for special deductions and credits if it operates or invests in a trade or business located within the geographic boundaries of one of these economic development areas.

California statutes require the Franchise Tax Board (FTB) to provide information to the California Legislature and the Trade and Commerce Agency (TCA) regarding the number of businesses using the economic development area tax incentives, types of economic development area tax incentives being used and the economic development areas in which the businesses are claiming the tax incentives.

Note: In order to help us meet this requirement, please be sure to attach form FTB 3809, Targeted Tax Area Deduction and Credit Summary, to your California tax return.

For information about:

- Enterprise Zone incentives, get FTB 3805Z, Enterprise Zone Business Booklet;
- LARZ tax incentives, get FTB 3806, Los Angeles Revitalization Zone Business Booklet;
- LAMBRA tax incentives, get FTB 3807, Local Agency Military Base Recovery Area Business Booklet; or
- The MEA hiring credit, get form FTB 3808, Manufacturing Enhancement Business Booklet.

What's New

California Tax Law Changes

Conformity. In general, California tax law conforms to the Internal Revenue Code (IRC) as of January 1, 1998. However, there are continuing differences between California and federal tax law. California has not conformed to the changes made to the IRC by the federal Internal Revenue Service Restructuring and Reform Act of 1998 (Public Law 105-206) and the Tax and Trade Relief Extension Act of 1998 (Public Law 105-277).

Principal Business Activity Code Chart

In 1998, the FTB implemented the new principal business activity (PBA) code chart that is based on the North American Industry Classification System (NAICS). The PBA code chart is provided in this booklet (pages 18 through 20) and in your California and federal tax booklets. The NAICS replaces the Standard Industrial Classification (SIC) for purposes of business classification. However, the California Revenue and Taxation Code (R&TC) still refers to the SIC codes for purposes of eligibility for the TTA incentives.

A Purpose

Use this booklet to determine the correct amount of deductions and credits that a business may claim for operating or investing in a trade or business within the TTA. Complete the worksheets in this booklet for each deduction or credit for which the business is eligible. Then enter the total deductions and credits on form FTB 3809.

B How to Claim Deductions and Credits

To claim any deduction or credit, the business **must attach** form FTB 3809 (included in this booklet) to its California tax return.

Attach a separate form FTB 3809 for each business you operate or invest in that is located within the TTA.

To assist with the processing of the tax return, indicate that the business operates or invests within the TTA by doing the following:

- Form 540 and Form 540NR filers:** Write "TTA" in the top left margin of Side 1 of Form 540 or Form 540NR.
- Form 100 filers:** Claim TTA incentives on Form 100, line 14 and line 24 through line 27, as applicable.
- Form 100S filers:** Claim TTA incentives on Form 100S, line 12 and line 23 through line 26, as applicable.
- Form 109 filers:** Check the "yes" box for the Enterprise Zone, LARZ, LAMBRA, TTA or MEA question on the top of Side 1 of Form 109.

Note: Be sure to keep all completed worksheets and supporting documents for your records.

C Targeted Tax Area Designation

The TTA was established in California to stimulate development in a selected economically depressed area. Special tax incentives are available for entities and individuals who operate or invest in a business located within the designated TTA.

Businesses operating within the TTA do not need to qualify or receive prior approval to take advantage of these special tax incentives.

All of the incorporated cities in Tulare County and portions of the unincorporated areas of Tulare County have received final designation as the TTA effective November 1, 1998. The 8 incorporated cities in Tulare County are:

Dinuba
Exeter
Farmersville
Lindsay
Porterville
Tulare
Visalia
Woodlake

Caution: The special tax incentives available to businesses operating within the TTA can only be taken for costs paid or incurred on or after November 1, 1998 (see Section D below) and before the designation expires.

D Important Considerations

TTA tax incentives apply only to:

- Qualified assets purchased and placed in service on or after November 1, 1998;
- Qualified employees hired after November 1, 1998; and/or
- NOLs for taxable or income years beginning on or after November 1, 1998.

Eligibility. In order to qualify for any of the incentives described above, a taxpayer must meet both of the following requirements:

1. Be engaged in a trade or business within the TTA; and
2. Be engaged in a line of business described in SIC code 2000 to 2099, inclusive; 2200 to 3999, inclusive; 4200 to 4299, inclusive; 4500 to 4599, inclusive; and 4700 to 5199, inclusive, of the Standard Industrial Classification Manual published by the United States Office of Management and Budget, 1987 edition.

In the case of any pass-through entity, the determination of whether a taxpayer is a qualified taxpayer for the business expense deduction, hiring credit and sales and use tax credit, is made at the entity level. Any business expense deduction, hiring credit and sales or use tax credit is allowed to the pass-through entity and passed through to the partners or shareholders. For purpose of this paragraph, the term "pass-through entity" means any partnership, S corporation, estate or trust.

E Geographic Boundaries

The geographic boundaries of the TTA are used to determine whether tax incentives are available to a business in a specified location. Further information about the geographic boundaries of the TTA is available from:

ENTERPRISE ZONE PROGRAMS
CA TRADE AND COMMERCE AGENCY
801 K STREET SUITE 1700
SACRAMENTO CA 95814
Telephone: (916) 324-8211
FAX: (916) 322-7214

If your business is located within and outside the TTA, see Part IV for instructions on how to apportion income.

F Forms Table

The titles of forms referred to in this booklet are:

Form 100	California Corporation Franchise or Income Tax Return
Form 100S	California S Corporation Franchise or Income Tax Return
Form 109	California Exempt Organization Business Income Tax Return
Form 540	California Resident Income Tax Return
Form 540NR	California Nonresident or Part-Year Resident Income Tax Return
Form 541	California Fiduciary Income Tax Return
Form 565	Partnership Return of Income
Form 568	Limited Liability Company Return of Income
Schedule CA (540)	California Adjustments — Residents

Schedule CA (540NR)	California Adjustments — Nonresidents or Part-Year Residents
Schedule P	Alternative Minimum Tax and Credit Limitations
Schedule R	Apportionment and Allocation of Income

Part I Hiring Credit

Eligible employers conducting a trade or business inside the TTA may claim the hiring credit for a new employee who:

- Was hired after November 1, 1998 (see General Information C);
- Spends at least 90% of their work time on activities directly related to the conduct of a trade or business located within the TTA;
- Performs at least 50% of the work within the boundaries of the TTA; and
- Was at the time of hire:
 1. A person receiving or eligible to receive subsidized employment, training or services funded by the federal Job Training Partnership Act (JTPA);
 2. A person eligible to be a voluntary or mandatory registrant under the Greater Avenues for Independence Act of 1985 (GAIN);
 3. A member of a targeted group as defined in the federal Work Opportunity Tax Credit (WOTC);
 4. An economically disadvantaged individual 14 years of age or older;
 5. A qualified dislocated worker;
 6. A disabled individual eligible for, enrolled in or who completed a state rehabilitation plan;
 7. A service-connected disabled veteran;
 8. A veteran of the Vietnam era;
 9. A veteran who recently separated from military service;
 10. An ex-offender;
 11. A person eligible for or a recipient of:
 - Federal Supplemental Security Income benefits (SSI);
 - Aid to Families with Dependent Children (AFDC);
 - Food stamps; or
 - State and local general assistance;
 12. A Native American; or
 13. A resident of the TTA.

The percentage of wages used to calculate the credit depends on the number of years the employee works for the employer in the TTA. The applicable percentage begins at 50% and declines 10% for each year of employment. After the fifth year of employment, no credit is allowed.

Wages that qualify for the hiring credit are those wages paid to a qualified employee for the consecutive 60-month period beginning on the first date the employee commenced employment with the employer. For an employer that operates a business that has regularly occurring seasonal or intermittent employment decreases and increases, reem-

ployment of an employee does not constitute commencement of employment for the qualified wages test.

The credit is based on the smaller of the following:

- The actual hourly rate paid or incurred by the employer for work performed by the employee during the taxable or income year; or
- **150% of the minimum hourly wage** established by the Industrial Welfare Commission.

Where the California minimum wage is higher than the federal minimum wage, the California minimum wage is used for purposes of computing the TTA hiring credit. The established minimum wage after March 1, 1998, is \$5.75 per hour. 150% of the minimum wage is \$8.62.

Example:

Ray Jones was hired November 1, 1998, at \$8.50 per hour.

Ray's hourly rate was \$9.00 for the 2nd month. However, the hourly rate that qualifies for the credit is limited to 150% of the minimum wage or currently \$8.62 per hour.

Month(s)	Hours per month	Hourly rate	Qualified wages per month
1	172	\$8.50	\$1,462.00
2	170	8.62	1,465.40

Credit Limitations

- The amount of hiring credit claimed may not exceed the amount of tax on the TTA business income in any year. Use Worksheet VI on Side 2 of form FTB 3809 to compute the credit limitation.
- In the case where the business is qualified to take the TTA hiring credit as well as another hiring credit (e.g., enterprise zone, MEA or LAMBRA) for the same wage expense, the business may only claim one credit (See R&TC Sections 17053.34(c) and 23634(c)).
- The business may carry over any unused hiring credit to future years until the credit is used. In the case of an S corporation, 2/3 of the credit is lost and the remaining 1/3 can be carried over if it cannot be used in the current year. For additional information about the treatment of credits for S corporations, see Part VI.

Record Keeping. For each qualified employee, keep a schedule of the first 60 months (5 years) of employment showing:

- Employee name;
- Date employee was hired;
- Number of hours employee worked for each month of employment;
- Smaller of the hourly rate of pay for each month of employment or 150% of the minimum wage;
- Location of employee's job site and duties performed;
- Total qualified wages per month for each month of employment; and

- Also, retain a copy of the certification issued by the appropriate government agency (if required) or other documentation to substantiate an individual's eligibility as a "qualified employee".

Instructions for Worksheet I — Hiring Credit & Recapture

Section A — Credit Computation

Line 1, column (a) – Enter the name of each qualified employee. Attach an additional schedule(s) if necessary.

Line 1, column (b) – Enter the qualified wages paid or incurred during the taxable or income year to each employee listed in column (a).

Line 2, column (b) – Total the amount in this column.

Line 3, column (b) – Multiply the total on line 2 by the percentage in this column.

Line 4 – Enter the amount from line 4 on form FTB 3809, Side 2, Worksheet VI, as follows:

- Part II, line 8B, column (b) for corporations, individuals and estates and trusts;
- Part III, line 10, column (b) for S corporations; or
- Part IV, line 12, column (b) for corporations and S corporations subject to paying only the minimum franchise tax.

Section B — Credit Recapture

Note: Generally, the recapture provision will not apply for taxable or income years beginning in 1998, since the TTA credit provision was not effective until November 1, 1998. The following information is being provided for future reference.

The employer must recapture the amount of credit attributable to an employee's wages if

the employer terminates the employee at any time during the longer of:

- The first 270 days of employment (whether or not consecutive); or
- 90 days of employment plus 270 calendar days.

For seasonal employees, the employer must recapture the amount of credit attributable to a seasonal employee's wages if the employer terminates employment before the completion of 270 days of employment during the 60-month period beginning the day the employee commences employment with the employer.

A "day of employment" means any day for which the employee receives wage compensation (including a paid sick day, holiday or vacation day).

The employer must add to the current year's tax the amount of credit claimed in the year of termination and all prior years in which the credit was claimed for the terminated employee.

Note: The credit recapture does not apply if the termination of employment was:

- Voluntary on the part of the employee;
- In response to misconduct of the employee;
- Caused by the employee becoming disabled (unless the employee was able to return to work and the employer did not offer to re-employ the individual);
- Carried out so that other qualified individuals could be hired, creating a net increase in both the number of qualified employees and the number of hours worked; or
- Due to a substantial reduction in the employer's trade or business operations.

Line 1, column (a) – Enter the name of the terminated employee. Attach an additional schedule(s) if necessary.

Line 1, column (b) – Enter the amount of credit recapture for each employee listed in column (a).

Line 2 – Enter the amount from line 2, column (b) on form FTB 3809, Side 1, Part V, line 5.

Also, include the amount of hiring credit recapture on your California tax return or schedule as follows:

- Form 100, Schedule J, line 5;
- Form 100S, Schedule J, line 5 and Schedule K-1 (100S), line 23;
- Form 109, Schedule K, line 4;
- Form 540, line 36;
- Form 540NR, line 45;
- Form 541, line 21b and Schedule K-1 (541), line 11e;
- Form 565, Schedule K, line 22 and Schedule K-1 (565), line 22; or
- Form 568, Schedule K, line 22 and Schedule K-1 (568), line 22.

Indicate that you included the hiring credit recapture on your tax return by writing "FTB 3809" in the space provided on the schedule or form.

Partnerships and limited liability companies (LLCs) taxed as partnerships must identify the recapture amounts for their partners and members on Schedule K-1 (565 or 568).

S corporation shareholders must recapture the portion of credit that was previously claimed, based on the terminated employee's wages. S corporations must also identify the recapture amount for shareholders on Schedule K-1 (100S). This amount will differ from the amount recaptured by the S corporation on Form 100S, Schedule J.

Part II Sales or Use Tax Credit

Individuals, estates or trusts, partnerships and LLCs taxed as partnerships may claim a credit equal to the sales or use tax paid or incurred to purchase up to \$1 million of qualified machinery.

Corporations may claim a credit equal to the sales or use tax paid or incurred to purchase up to \$20 million of qualified machinery. Individuals who are S corporation shareholders may claim their pro rata share of pass-through credit to the extent the S corporation paid or incurred sales or use tax to purchase up to \$1 million of qualified machinery. See the example in the third column of this page.

Qualified machinery is the machinery or machinery parts used to:

- Manufacture, process, fabricate or otherwise assemble a product;
- Produce renewable energy resources; or
- Control air or water pollution.

In addition, qualified property is:

- Data processing and communications equipment including, but not limited to, computers, computer-automated drafting systems, copy machines, telephone systems and faxes; and
- Motion picture manufacturing equipment central to production and postproduction including, but not limited to, cameras, audio recorders, digital image and sound processing equipment.

The business must use the machinery **exclusively** within the boundaries of the TTA.

Use tax paid on purchases of machinery outside California qualifies for the credit only if machinery of a comparable quality and price was not available in California at the time it was purchased.

Leased Property

The sales tax paid on qualified property being purchased using a financial (conditional sales) contract qualifies for the sales or use tax credit.

To determine whether the lease qualifies as a purchase rather than a true lease, see Revenue Ruling 55-540, 1955-2 C.B. 39 and FTB Legal Ruling 94-2, March 23, 1994.

Credit Limitations

- The amount of sales or use tax credit claimed may not exceed the amount of tax

on the TTA business income in any year. After completing Worksheet II, use Worksheet VI on Side 2 of form FTB 3809 to compute the credit limitation.

- Any unused credit may be carried over and applied against the tax on TTA income in future years.
- In the case where the business is qualified to take the TTA sales or use tax credit as well as another credit (e.g. enterprise zone sales or use tax credit, manufacturers' investment credit or LAMBRA sales or use tax credit) for the same piece of property, then the business may only claim one credit.

Depreciation

Any taxpayer that claims this credit cannot increase the basis of the qualified property with respect to the sales or use tax paid or incurred in connection with the purchase of qualified property.

To compute the difference between California and federal depreciation, use the following forms or schedules:

- Form 100 filers – FTB 3885, Corporation Depreciation and Amortization;
- Form 100S filers – Schedule B (100S), S Corporation Depreciation and Amortization;
- Form 109 filers – Form 109, Schedule J, Depreciation. **Note:** Exempt trusts use FTB 3885F, Depreciation and Amortization;
- Form 540 and Form 540NR filers – FTB 3885A, Depreciation and Amortization Adjustments;
- Form 541 filers – FTB 3885F, Depreciation and Amortization;
- Form 565 filers – FTB 3885P, Depreciation and Amortization; or
- Form 568 filers – FTB 3885L, Depreciation and Amortization.

Record Keeping

In order to support the sales or use tax credit claimed, keep all records that document the purchase of the machinery, such as the sales receipt and proof of payment. Additionally, keep all records that identify or describe:

- The machinery purchased (such as serial numbers, etc.);

- The amount of sales or use tax paid on its purchase;
- The location where it is used; and
- If purchased from a manufacturer located outside California, records to substantiate that machinery of comparable quality and price was not available for purchase in California.

Example:

XYZ Inc., an S corporation, purchases qualified property for \$20 million (\$20 m.). The sales tax rate is 6% (.06) and the entity-level tax rate is 1.5% (.015).

The credit allowed XYZ Inc. and the depreciable basis of the qualified property for XYZ Inc. are figured as follows:

		Depreciable basis
Qualified property	\$20 m.	\$20 m.
Sales tax paid (\$20 m. x .06)	1.2 m.	+1.2 m.
Sales or use tax credit allowed XYZ Inc.	1.2 m.	<u>(1.2m.)</u>

Depreciable basis of qualified property for XYZ Inc. \$20 m.

Credit allowed to offset the entity-level tax (\$1.2 m. x 1/3) \$0.4 m.

XYZ Inc. has two 50% shareholders. The credit allowed the shareholders and the depreciable basis of the qualified property for the shareholders are figured as follows:

		Depreciable basis
Qualified property (purchased by XYZ Inc.)	\$20 m.	\$20 m.
Sales tax (paid by XYZ Inc.)	1.2 m.	+1.2 m.
Maximum qualified costs for sales or use tax credit	1 m.	
Sales or use tax credit allowed the shareholders (\$1 m. x .06)	.06 m.	<u>(.06 m.)</u>

Depreciable basis of qualified property for the shareholders \$21.14 m.

Total amount of credit allowed the shareholders \$.06 m.

Note: Each shareholder is allowed a \$30,000 (.06 m. ÷ 2 = .03 m.) sales or use tax credit.

Instructions for Worksheet II — Sales or Use Tax Credit

Line 1, column (a) – List the items of qualified machinery and machinery parts purchased during the year. For each item, provide the location (street address and city) of its use. Attach an additional schedule(s) if necessary.

Line 1, column (b) – Enter the cost of the machinery or machinery parts listed in column (a).

Line 1, column (c) – Enter the amount of sales or use tax paid or incurred on the machinery or machinery parts listed in column (a).

Line 2, column (b) – Add the amounts in line 1, column (b).

Caution: This amount cannot exceed \$1 million for individuals, estates or trusts, partnerships or LLCs taxed as partnerships or \$20 million for corporations.

Line 2, column (c) – Add the amounts in line 1, column (c). Enter the total here and on form FTB 3809, Side 2, Worksheet VI, as follows:

- Part II, line 9B, column (b) for corporations, individuals and estates and trusts;
- Part III, line 11, column (b) for S corporations; or
- Part IV, line 13, column (b) for corporations and S corporations subject to paying only the minimum franchise tax.

Caution: Only the sales or use tax paid on the cost of machinery up to the limitations in column (b) stated above may be claimed as a credit.

Part III Business Expense Deduction

Certain businesses conducting a qualified trade or business within the TTA may elect to treat 40% of the eligible cost of qualified property as a business expense rather than a capital expense (R&TC Sections 17267.6 and 24356.6). For the year the property is placed in service, the business may deduct the cost in the current year rather than depreciate it over several years.

Note: The TTA business expense deduction is not allowed for estates or trusts.

Qualified property is any recovery property that is IRC Section 1245 property which includes, but is not limited to, tangible personal property (excluding buildings) and most equipment and furnishings acquired by purchase for exclusive use within the TTA. Office supplies and other small nondepreciable items are not included.

The maximum aggregate cost applicable to the 40% deduction the business may claim in any taxable or income year is determined by the number of years that have elapsed since the TTA received its final designation. See General Information C for the designation date.

The applicable cost is:

Income year of designation	\$100,000
First income year after designation.	\$100,000
Second income year after designation.	\$75,000
Third income year after designation.	\$75,000
Remaining years of designation . .	\$50,000

Election. The business must elect to treat the cost of qualified property as a business expense in the year the property is first placed in service. However, the TTA business expense deduction is not allowed if the property was:

- Transferred between members of an affiliated group;
- Acquired as a gift or inherited;
- Traded for other property;
- Received from a personal or business relation as defined in IRC Section 267 or 707(b); or
- Described in IRC Section 168(f).

The TTA business expense deduction must be claimed by making an election on the original return filed, and thus cannot be claimed on an amended return. Such an election cannot be revoked without the written consent of the FTB.

A husband and wife filing separate returns may each claim 50% of the allowable deduction. In the case of a partnership, the dollar

limitation applies to the partnership and to each partner.

Depreciation. If the business elects to deduct the amount computed in Worksheet III, Section A, as a business expense, the depreciable basis of the property must be reduced by the deduction.

Subtract the amount claimed as a business expense from the basis or cost of the property and depreciate the remaining basis or cost.

Normal depreciation is allowed on the cost of the property in excess of the expensed amount, starting with the taxable or income year following the taxable or income year the property was placed in service.

Corporations may not claim the additional first-year depreciation allowed under R&TC Section 24356 on any item of property if any portion of it was deducted as a business expense. All other taxpayers cannot claim the deduction allowed under IRC Section 179 on any item of property if any portion of it was deducted as a business expense.

To compute the difference between California and federal depreciation, use the following forms:

- Form 100 filers – FTB 3885, Corporation Depreciation and Amortization;
- Form 100S filers – Schedule B (100S), S Corporation Depreciation and Amortization;
- Form 109 filers – Form 109, Schedule J, Depreciation;
- Form 540 and Form 540NR filers – FTB 3885A, Depreciation and Amortization;
- Form 565 filers – FTB 3885P, Depreciation and Amortization; or
- Form 568 filers – FTB 3885L, Depreciation and Amortization.

Instructions for Worksheet III – Business Expense Deduction & Recapture

Section A – Deduction Computation

Line 2, column (a) – Enter a description of the property and the location (street address and city) of its use. Attach an additional schedule(s) if necessary.

Line 2, column (b) – Enter the cost of the property listed in column (a).

Line 5 – Enter the amount from line 5, column (b) on form FTB 3809, Side 1, Part II, line 2, and on your California tax return or schedule as follows:

- Form 100, line 14;

- Form 100S, line 12, Form 100S, Schedule K, line 8 and Schedule K-1 (100S), line 8;
- Form 109, Part II, line 24;
- Schedule CA (540), column B, on the applicable line for your business activity;
- Schedule CA (540NR), column B, on the applicable line for your business activity;
- Form 565, Schedule K, line 9 and Schedule K-1 (565), line 9; or
- Form 568, Schedule K, line 9 and Schedule K-1 (568), line 9.

Note: If filing Form 540 or Form 540NR, indicate that you are claiming the business expense deduction by writing “FTB 3809” above the dotted line to the left of the amount entered on Form 540, line 14 or Form 540NR, line 14.

Section B – Deduction Recapture

Note: Generally, the recapture provisions will not apply for income or taxable years beginning in 1998, since the business expense deduction provisions were not effective until November 1, 1998. This information is being provided for future reference.

The deduction is subject to recapture (added back to income) if, before the close of the second taxable or income year after the property was placed in service, the property is sold, disposed of or no longer used exclusively in the TTA trade or business. In that case, add to current year income the amount previously deducted for that property.

Line 1, column (a) – Enter a description of the property. Attach an additional schedule(s) if necessary.

Line 1, column (b) – Enter the amount of the business expense deduction claimed for the property listed in column (a).

Line 2 – Enter the amount from line 2, column (b) on form FTB 3809, Side 1, Part V, line 6, and on your California tax return or schedule as follows:

- Form 100, line 14, as a **negative** amount;
- Form 100S, line 12, as a **negative** amount, Form 100S, Schedule K, line 6 and Schedule K-1 (100S), line 6;
- Form 109, Part I, line 12;
- Schedule CA (540), column C, on the applicable line for your business activity;
- Schedule CA (540NR), column C, on the applicable line for your business activity;
- Form 565, Schedule K, line 7 and Schedule K-1 (565), line 7; or
- Form 568, Schedule K, line 7 and Schedule K-1 (568), line 7.

Note: If filing Form 540 or Form 540NR, indicate that you are recapturing the business expense deduction by writing “FTB 3809” above the dotted line to the left of Form 540, line 16 or Form 540NR, line 16.

Part IV Doing Business Totally Within the Targeted Tax Area or Within and Outside the Targeted Tax Area

Business Income vs. Nonbusiness Income

Only business income is apportioned to the TTA to determine the incentive limitation. TTA tax incentives are limited to tax on business income attributable to the operations within the TTA.

Business income is defined as income arising from transactions and activities in the regular course of the trade or business. Business income includes income from tangible and intangible property if the acquisition, management and disposition of the property constitute integral parts of the regular trade or business operations. Nonbusiness income is all income other than business income. Get Title 18 Cal. Code Regulation Section 25120 for further references and examples of nonbusiness income.

For an individual, business income includes, but is not limited to, California business income or loss from Schedules C, D, D-1 (or Form 4797, Sales of Business Property, if you did not have to file a Schedule D-1), E and F and wages. Include casualty losses, disaster losses and any business deductions reported on Schedule A as itemized deductions.

Note: If you elected to carry back part or all of your current year disaster loss under IRC Section 165(i)(1), do not include the amount of the loss that was carried back in your current year business income for the TTA.

In general, all transactions and activities of the business that are dependent upon or contribute to the operations of the economic enterprise as a whole constitute a trade or business.

When a corporation is part of a group of corporations engaged in a unitary business, the income and apportionment factors of the unitary group must be combined. For more information, get Schedule R. See the instructions for ordering forms on page 25.

Pass-through entities must report to their shareholders, beneficiaries, partners and members:

1. The distributive (or pro rata for S corporations) share of the business income apportioned to the TTA; and
2. The distributive (or pro rata for S corporations) share of the business capital gains and losses apportioned to the TTA included in item 1.

These items should be reported using the appropriate schedules listed below:

- Schedule K-1 (100S), line 23;
- Schedule K-1 (541), line 11e;
- Schedule K-1 (565), line 22; or
- Schedule K-1 (568), line 22.

Property Factor

Property is defined as the average value of all real and tangible personal property owned or rented by the business and used during the taxable or income year to produce business income.

Note: Property is included in the factor if it was available for use during the taxable or income year. Property owned by the business is valued at its original cost. Generally, **original cost** is the basis of the property for federal income tax purposes (prior to any federal adjustment) at the time of acquisition by the business, adjusted for subsequent capital additions or improvements and partial dispositions because of sale or exchange. Allowance for depreciation is not considered.

Rented property is valued at 8 times the net annual rental rate. The net annual rental rate for any item of

rented property is the total rent paid for the property, less aggregate annual subrental rates paid by subtenants.

The **numerator** of the property factor is the average value of the real and tangible personal property owned or rented by the business and used within the TTA during the taxable or income year to produce TTA business income (column (b)).

When determining **income** apportionment on Worksheet IV, Section A, the **denominator** of the property factor is the total average value of all real and tangible personal property owned or rented and used during the taxable or income year within California (column (a)).

When determining **loss** apportionment on Worksheet IV, Section B, the **denominator** of the property factor is the total average value of real and tangible personal property owned or rented and used during the year in all business operation locations.

Payroll Factor

Payroll is defined as the total amount paid to the business's employees for compensation for the production of business income during the taxable or income year.

Compensation means wages, salaries, commissions and any other form of remuneration paid directly to employees for personal services.

Payments made to independent contractors or any other person not properly classified as an employee are excluded.

Compensation Within the Targeted Tax Area

Compensation is considered to be within the TTA if any one of the following tests is met:

- The employee's services are performed within the geographical boundaries of the TTA; or
- The employee's services are performed within and outside the TTA, but the services performed outside the TTA are incidental to the employee's service within the TTA.

Note: Incidental means any temporary or transitory service rendered in connection with an isolated transaction.

Compensation Within and Outside the Targeted Tax Area

If the employee's services are performed within and outside the TTA, the employee's compensation will be attributed to the TTA if:

- The employee's base of operations is within the TTA; or
- There is no base of operations in any other part of the state in which some part of the service is performed, but the place from which the service is directed or controlled is within the TTA.

Base of operations is the permanent place from which employees start work and customarily return in order to receive instruction from the taxpayer or communications from their customers or persons; to replenish stock or other material; to repair equipment; or to perform any other functions necessary in the exercise of their trade or profession at some other point or points.

The **numerator** of the payroll factor is the total compensation paid to employees for working within the TTA during the taxable or income year (column (b)).

When determining **income** apportionment on Worksheet IV, Section A, the **denominator** of the payroll factor is the total compensation paid to employees working in California (column (a)).

When determining **loss** apportionment on Worksheet IV, Section B, the **denominator** of the payroll factor is the total compensation paid to employees working in all business operation locations.

Example – Computation of TTA income assigned to each entity operating within the TTA:

Parent Corporation A has one subsidiary, B. Corporations A and B operate within the TTA. The combined group operates within and outside California and apportions its income to California using Schedule R. The combined group's business income apportioned to California was \$1,000,000.

Business income apportioned to the TTA is determined as follows:

Property Factor	A	B	Combined
TTA property	\$2,000,000	\$1,000,000	\$3,000,000
California property			\$5,000,000
Apportionment %	40%	20%	60%
Payroll Factor			
TTA payroll	\$2,000,000	\$800,000	\$2,800,000
California payroll			\$4,000,000
Apportionment %	50%	20%	70%
Average Apportionment %	45%	20%	65%
(Property + Payroll Factors)			
2			
Apportioned Business Income			\$1,000,000
TTA INCOME	\$ 450,000	\$ 200,000	\$ 650,000

Instructions for Worksheet IV – Apportionment

Section A Income Apportionment

TTA tax incentives are limited to the tax on business income attributable to operations within the TTA. If the business is located totally within the TTA or within and outside the TTA, it must determine the portion of total business operations that are attributable to the TTA.

Use Worksheet IV, Section A, Income Apportionment, to determine the amount of business income apportioned to the TTA. The TTA business income determines the amount of the tax incentives that can be used.

Only California source business income is apportioned to the TTA. A taxpayer's TTA business income is its California apportioned business income multiplied by the specific TTA apportionment percentage.

The TTA property and payroll factors used in the determination of apportionable business income include only the taxpayer's California amounts in the denominator.

Note: If the business operates solely within the TTA and all its property and payroll are solely within the TTA, you do not have to complete this worksheet. Enter 100% (1.00) on line 4.

Section B Loss Apportionment

Use Worksheet IV, Section B, Loss Apportionment, to determine your net operating loss apportioned to the TTA. A taxpayer's TTA net operating loss is its net business operating loss from all sources multiplied by the specific TTA apportionment percentage computed in Worksheet IV, Section B.

The TTA property and payroll factors used in the determination of the apportioned business net operating loss include worldwide amounts in the denominator.

Note: If the business operates solely within the TTA and all its property and payroll are solely within the TTA, you do not have to complete this worksheet. Enter 100% (1.00) on line 4.

Notes for Sections A and B: The average apportionment percentage shown on line 4 represents the portion of the taxpayer's total business that is attributable to activities conducted within the TTA. Also, those factors with zero balances in the totals of column (a) will not be included in the computation of the average apportionment percentage. For example, if the taxpayer does not have any payroll within or outside the TTA, then the average apportionment percentage would be computed by dividing line 4 by 1 (instead of by 2 as normally instructed).

Part V Net Operating Loss (NOL) Computation and Loss Limitations

A TTA NOL generated by a business that operates or invests within the TTA can be carried forward for 15 years but may not be carried back. Financial institutions using bad debt reserve methods may carryover the loss for a maximum of 5 income years. In addition, up to 100% of the NOL generated in the TTA can be carried forward.

The business cannot generate NOLs from activities within the TTA until the first taxable or income year beginning on or after the date the TTA is officially designated. Only taxable or income years beginning on or after November 1, 1998, will qualify for the NOL this year. See General Information C for designation date.

Limitation. A TTA NOL deduction can offset only business income attributable to operations within the TTA.

Election. Taxpayers must elect and designate the carryover category (general or specific enterprise zone, LAMBRA or TTA NOL) on the original return for the year of a loss and file form FTB 3809 for each year in which an NOL deduction is being taken. The election is **irrevocable**.

Note: If you elect the TTA NOL deduction, you are prohibited by law from carrying over any other type of NOL from this year.

To determine which type of NOL will provide the greatest benefit, businesses that have general or specific, Enterprise Zone, LAMBRA or TTA NOLs or that may qualify for the special NOL treatment should estimate future income and complete Worksheet V and forms:

- FTB 3805Q, Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations — Corporations;
- FTB 3805V, Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations — Individuals, Estates and Trusts;
- FTB 3805Z, Enterprise Zone Business Booklet, Worksheet VI; or
- FTB 3807, Local Agency Military Base Recovery Area Business Booklet, Worksheet V.

Alternative Minimum Tax. Taxpayers claiming a TTA NOL deduction must determine their NOL for alternative minimum tax purposes. Use Schedule P (100, 540, 540NR or 541) to compute the NOL for alternative minimum tax purposes.

S Corporations. TTA NOLs incurred prior to becoming an S corporation cannot be used against S corporation income. See IRC Section 1371(b).

However, an S corporation is allowed to deduct a TTA NOL incurred after the "S" election is made. An S corporation may use the NOL as a deduction against income subject to the 1.5% entity-level tax (3.5% for financial S corporations). The NOL is also passed through to the shareholders in the year the loss is incurred.

NOL Carryover Amount – Nonapportioning Corporations Operating Totally Within the Zone

For taxpayers with all payroll and property inside the TTA, the NOL carryover is determined by computing the business loss that results from business activities in the TTA.

NOL Carryover Amount – Corporations Operating Within and Outside the Area

If the business is located within and outside the TTA, the loss amount available for carryover is determined by apportioning the total business loss of the corporation to the TTA pursuant to the

provisions of R&TC Chapter 17 (commencing with Section 25101), with certain modifications to the apportioning factors. The apportionment factors include the property and payroll factors, and compare TTA property and payroll to total property and payroll. This apportionment factor calculation is done on Worksheet IV, Section B. The loss carryover is deducted from income apportioned by each business to the TTA in subsequent years. This calculation is done on Worksheet V, Section C.

Corporations that are members of a unitary group filing a combined report must separately compute loss carryover for each corporation in the group (R&TC Section 25108) using their individual apportionment factors.

Unlike the NOL treatment on a federal consolidated return, a loss carryover for one member included in a combined report may not be applied to the intrastate apportioned income of another member included in a combined report.

For water's-edge purposes, each corporation's NOL carryover is limited to the amount determined by recomputing the income and factors of the original worldwide combined reporting group as if the water's-edge election had been in force for the year of the loss. The TTA NOL carryover may not be increased as a result of the recomputation.

Instructions for Income or Loss Worksheet

Use the Income or Loss Worksheet on the following page to determine the amount to enter on:

- Worksheet V, Section A, line 1 and
- Worksheet VI, Part I, line 1 and line 3.

Do not include disaster losses in any amounts used in the table.

Only California source business income is apportioned to the TTA.

The first step is to determine which portion of the taxpayer's net income is "business income" and which portion is "nonbusiness income," since only business income may be apportioned to the TTA. See Part IV, Doing Business Totally Within the Targeted Tax Area or Within and Outside the Targeted Tax Area, on page 10.

Business income or loss reported on Schedules C, C-EZ, E, F and other schedules are reported on line 6 through line 9. Line 11 and line 12 report business gains or losses reported on Schedules D and D-1. All business income and losses should be adjusted for any differences between California and federal amounts as shown on the Schedule CA (540 or 540NR).

Loss Computation (Use to compute TTA NOL for Worksheet V, Section A)

Line 6 – Line 9: If your business operation reported on Schedules C, C-EZ, E, F or other schedules is entirely in the TTA, enter the income or loss from this activity in column (a), and enter 1.00 in column (b).

Line 11 – Line 12: If the gain or loss reported on Schedule D or Schedule D-1 (as adjusted on Schedule CA (540 or 540NR)) was attributed to an asset used in an activity conducted entirely in the TTA, enter the gain or loss reported in column (a) and enter 1.00 in column (b).

Line 6 – Line 9: If your business operation reported on Schedules C, C-EZ, E, F, or other schedules is within and outside the TTA, enter the income or loss from this activity in column (a). To determine the percentage figure in column (b), complete Worksheet IV, Section B. Enter the figure on Worksheet IV, Section B, line 4, in column (b) of this worksheet.

Line 11 – Line 12: If the gain or loss reported on Schedule D or Schedule D-1 (as adjusted on Schedule CA (540 or 540NR)) was attributed to an asset used in an activity conducted within and outside the TTA, enter the gain or loss reported in column (a). To determine the percentage figure in column (b), complete Worksheet IV, Section B. Enter the figure on Worksheet IV, Section B, line 4, in column (b) of this worksheet.

Income Computation (Use to compute TTA income for Worksheet V, Section C and Worksheet VI)

Line 6 – Line 9: If your business operation reported on Schedules C, C-EZ, E, F or other schedules is entirely in the TTA, enter the income or loss from this activity in column (a), and enter 1.00 in column (b).

Line 11 – Line 12: If the gain or loss reported on Schedule D or Schedule D-1 (as adjusted on Schedule CA (540 or 540NR)) was attributed to an asset used in an activity conducted entirely within the TTA, enter the gain or loss reported in column (a) and enter 1.00 in column (b).

Line 6 – Line 9: If your business operation reported on Schedules C, C-EZ, E, F or other schedules is entirely in California, enter the income or loss from this activity in column (a). To determine the percentage figure in column (b), complete Worksheet IV, Section A. Enter the figure on Worksheet IV, Section A, line 4, in column (b) of this worksheet.

Line 11 – Line 12: If the gain or loss reported on Schedule D or Schedule D-1 (as adjusted on Schedule CA (540 or 540NR)) was attributed to an asset used in an activity conducted entirely within California, enter the gain or loss reported in column (a). To determine the percentage figure in column (b), complete Worksheet IV, Section A. Enter the figure on Worksheet IV, Section A, line 4 in column (b) of this worksheet.

Line 6 – Line 9: If your business operation reported on Schedules C, C-EZ, E, F or other schedules is within and outside the TTA and California, get Schedule R and complete line 1 through line 13b. Enter the figure on Schedule R, line 13b in column (a) of this worksheet. To determine the percentage figure in column (b), complete Worksheet IV, Section A. Enter the figure on Worksheet IV, Section A, line 4 in column (b) of this worksheet.

Note: When computing Schedule R, disregard any reference to Form 100, Form 565 or Form 568. Also, disregard any reference to Schedule R-3, Schedule R-4 or Schedule R-5, and skip line 11.

Nonresidents that have an apportioning business that operates within the TTA should have already computed Schedule R, and can use those amounts when that schedule is referenced. Residents that have an apportioning business will not have completed a Schedule R for California income tax purposes since they are taxed on income from all sources. However, in order for residents to determine their California source business income for purposes of the TTA calculation, they must complete a Schedule R also.

Line 11 – Line 12: If the gain or loss reported on Schedule D or Schedule D-1 (as adjusted on Schedule CA (540 or 540NR)) was attributed to an asset used in an activity conducted within and outside the TTA and California, get Schedule R and complete Schedule R-1. Multiply the gain or loss reported by the percentage on Schedule R-1, line 5 and enter the result in column (a). To determine the percentage figure in column (b), complete Worksheet IV, Section A. Enter the figure on Worksheet IV, Section A, line 4 in column (b) of this worksheet.

Part I Individual Income and Expense Items

Wages

Taxpayers with wages from a company located within and outside the TTA must determine the TTA wage income by entering the percentage of their time in column (b) during the period for which the wages entered on line 1 were earned that they worked within the TTA. This percentage must be determined based on their record of time and events such as a travel log or entries in a daily planner.

from which you received TTA incentives, see the example below for computing business income in the TTA.

Pass-through entity	Trade or business income from Schedule K-1 (100S, 541, 565 or 568)	Entity's TTA apportionment percentage	TTA apportioned income
ABC, Inc.	\$40,000	80%	\$32,000
A, B & C	30,000	10%	3,000
ABC, LLC	10,000	50%	5,000
			\$40,000

adjustments from Schedule CA (540 or 540NR) for each trade or business. Also, include business capital gains and losses from Schedule D and business gains and losses from Schedule D-1.

Line 14 – Generally, TTA NOLs are not available for the 1998 taxable or income year. However certain fiscal year filers with taxable or income years beginning on or after November 1, 1998, may be eligible for a TTA NOL.

If, in computing your income or loss, the result on line 14, column (c) is a **negative** amount, you do not have any business income attributable to the TTA. Enter the amount on Worksheet V, Section A, line 1 to calculate your TTA NOL carryover.

If the amount on line 14, column (c), is a **positive** amount, you do not have a TTA NOL. Enter the amount on Worksheet VI, Part I, line 1 and 3 (skip line 2).

Part II Pass-through Income or Loss

Multiple Pass-through Entities

If you are a shareholder, beneficiary, partner or member in multiple pass-through entities with businesses located within and outside the TTA

Part III Taxpayer's Trade or Business

Instructions for Worksheet V — Net Operating Loss Computation and Loss Limitations

If your taxable or income year begins on or after November 1, 1998, individuals and exempt trusts with a current year loss should complete Section A. Corporations with a current year loss should complete Section B.

Section A Computation of Current Year NOL — Individuals and Exempt Trusts

Use this section to compute the TTA NOL to be carried over to future years by individuals and exempt trusts. Complete Section A **only** if you have a current year loss.

You must complete form FTB 3805V, Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations — Individuals, Estates and Trusts, before you can compute the allowable TTA loss.

To compute the TTA NOL, separate business income and deductions from nonbusiness income and deductions. See Part IV, Doing Business Totally Within the TTA or Within and Outside the TTA, for a complete discussion of business and nonbusiness income.

Section B Computation of Current Year NOL — Corporations

Use this section to compute the TTA NOL to be carried over to future years for corporations. Complete Section B **only** if the corporation has a current year loss.

You must complete form FTB 3805Q, Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations — Corporations, before you can compute the allowable TTA loss.

Section C Computation of NOL Carryover and Carryover Limitations

Note: Generally, the TTA NOL carryover provision will not be available for taxable or income years beginning in 1998, since the TTA was not designated until November 1, 1998.

Use this section to compute the TTA NOL deduction for individuals, exempt trusts and corporations. The TTA NOL deduction is used to reduce current year income from the TTA.

Line 1 — See Part IV for a discussion of business and nonbusiness income. **Note to 540 and 540NR filers:** Be sure to include casualty losses,

disaster losses and any business deductions reported on Schedule A as an itemized deduction.

Exception: If you elected to carry back part or all of your current year disaster loss under IRC Section 165(i)(1), do not include the amount of the loss that was carried back in your current year business income for the TTA.

Line 2 — In modifying your income, deduct your capital losses only up to your capital gains. Enter as a positive number any net capital losses included in line 1.

Line 3 — Corporations must reduce income by the disaster loss deduction and the deduction for excess net passive income.

Line 6 — This is your modified taxable income (MTI). You may reduce this amount by your TTA NOL deduction. Your TTA NOL deduction may not be larger than your MTI. If your MTI is a loss in the current year or if it limits the amount of NOL you may use this year, you must carry over the NOL to future years.

Line 8 — If the amount shown in line 6 is a **negative** number, transfer the amount to column (e) as a positive number.

Worksheet V Net Operating Loss (NOL) — Targeted Tax Area (TTA)

Section A Computation of Current Year Net Operating Loss — Individuals and Exempt Trusts

1	Net trade or business loss from all sources. Individuals: Enter the total from the Income or Loss Worksheet, line 14, column (c) (page 13) as a positive number. For purposes of this worksheet section, do not include any 1998 losses or disaster loss carryovers in line 1. See instructions for definition of business income (page 10). Exempt Trusts: Enter the amount from Form 109, line 10	1	
2	Total business capital losses included in line 1. Enter as a positive number	2	
3	Total business capital gains included in line 1.	3	
4	If line 2 is greater than line 3, enter the difference as a positive number; otherwise enter -0-	4	
5	Subtract line 4 from line 1. If the result is zero or less, do not complete the rest of this section. You do not have a current year NOL from the TTA.	5	
6	Enter the amount from form FTB 3805V, Part I, Section A, line 20	6	
7	Enter the smaller of line 5 or line 6 here and in Section C, line 8, column (e).	7	
This is the TTA NOL carryover from 1998 to 1999.			

Section B Computation of Current Year Net Operating Loss — Corporations

Note: If you have a TTA NOL and a prior year general NOL, see instructions.

During the year the corporation incurred the NOL, the corporation was a: <input type="checkbox"/> C corporation <input type="checkbox"/> S corporation <input type="checkbox"/> Exempt corporation			
1	Net loss for state purposes from Form 100, line 17; Form 100S, combined amounts of line 15 and line 17; or Form 109, line 1. Enter as a positive number. Note: Apportioning corporations, enter the amount from Schedule R, line 12 for the corporations doing business in the area	1

Part VI Computation of Credit Limitations

The amount of credit you can claim on your California tax return is limited by the amount of tax attributable to TTA income. Use Worksheet VI on form FTB 3809, Side 2 to compute this limitation.

Credits you are otherwise eligible to claim may be limited. Do not apply credits against the minimum franchise tax (corporations, limited partnerships, limited liability partnerships, LLCs and S corporations), the alternative minimum tax (corporations, exempt organizations, individuals and fiduciaries), the built-in gains tax (S corporations) or the net passive income tax (S corporations).

Refer to the credit instructions in your tax booklet for more information.

S Corporations and the Application of Targeted Tax Area Credits

An S corporation may use its TTA credit to reduce TTA tax at both the corporate and shareholders level.

An S corporation may use 1/3 of the TTA credit to reduce the tax on the S corporation's TTA income. In addition, S corporation shareholders may claim their pro rata share of the entire amount of the TTA credits calculated under the Personal Income Tax Law.

Example: In 1998, an S corporation qualified for a \$3,000 TTA hiring credit. The S corporation will be able to use 1/3 of the credit ($\$3,000 \times 1/3 = \$1,000$) to offset the tax on the corporation's TTA income.

The S corporation will also pass-through a \$3,000 credit to its shareholders to offset their individual tax (computed under the Personal Income Tax Law) on TTA income.

S corporations should attach form FTB 3809 to Form 100S, California S Corporation Franchise or Income Tax Return, to claim the tax credits. If form FTB 3809 is not attached to the return, the credits may be disallowed.

Shareholders should attach Schedule(s) K-1 (100s), Shareholder's Share of Income, Deductions, Credits, etc., to their individual tax returns.

Carryover. If the amount of available credit this year exceeds your tax, you may carry over any excess credit to future years until exhausted. Apply the carryover to the earliest taxable or income year(s) possible. In no event can the credit be carried back and applied against a prior year's tax.

For S corporations, the amount of the 1/3 credit that is in excess of the 1.5% entity-level tax (3.5% for financial S corporations) in the current year may also be carried forward and used in future years to offset the S corporation entity-level tax. See the instructions for Worksheet VI, Part III for more information.

Credit Code Number. To claim the TTA hiring and sales or use tax credits on your return you must use credit code number **210**. Using the incorrect code number may cause a delay.

Instructions for Worksheet VI — Computation of Credit Limitations

Note: Worksheet VI is on Side 2 of form FTB 3809.

Partnerships and LLCs taxed as partnerships do not complete Worksheet VI. The partners and members of these types of entities should complete Worksheet VI in order to determine the amount of TTA credits that they may claim on their California tax return. S corporations and their shareholders must complete Worksheet VI.

Reporting Requirements of S Corporations, Estates or Trusts, Partnerships and LLCs Taxed as Partnerships

- Report to shareholders, beneficiaries, partners and member, the distributive or pro rata share of business income, losses or deductions apportioned to the area; and
- Separately state any distributive share or pro-rata of business capital gains and losses apportioned to the area included in the amount above.

S corporations: Complete only Part I or Part III of this worksheet if your entity-level tax before credits is more than the minimum franchise tax.

Corporations and S corporations subject to the minimum franchise tax only: Complete only Part IV of this worksheet.

All others: Complete Part I and Part II of this worksheet.

Part I

Note: For filers with an NOL.

- Complete Worksheet V first if you have a current year NOL.
- Then complete Worksheet VI if you have any TTA credits.

If you do not have a current year NOL:

- **Individuals:** Go to the Income or Loss Worksheet in Part V. Follow the instructions there. Enter the amount from the Income or Loss Worksheet, line 14, column (c) on Worksheet VI, Part I, line 1 and line 3 (skip line 2).
- **Corporations:** Follow the instructions for line 1 below.

Line 1 – Enter all trade or business income. See Part IV on page 10 for the definition of business income.

Line 2 – If your business is located entirely within the TTA, enter 1.

Specifically, this percentage is the apportionment percentage computed by the entity using Worksheet IV, Apportionment, and represents the percentage of the entity's business attributable to the TTA.

Line 6a – Compute the tax as if the TTA taxable income represented all of your taxable income.

Individuals: Use the tax table or tax rate schedule for your filing status in your tax booklet.
Exempt organizations: Use the applicable tax rate in your tax booklet.

Corporations and S corporations: Use the applicable tax rate.

Example (Determination of TTA Income for Shareholders, Partners or Members of Pass-through Entities):

Ray Smith is vice president of ABC, Inc., an S corporation that has two locations: one within the TTA and one outside the TTA. Eighty percent (80%) of the S corporation's business is attributable to the TTA. (Note: This percentage was determined by ABC, Inc. using Worksheet IV when ABC's S corporation return (Form 100S) was prepared.) Ray divides his time equally (50%/50%) between the two offices of ABC, Inc. Mary Smith (Ray's spouse) works for ABC, Inc. at its office located in the TTA.

Ray and Mary Smith have the following 1998 items of California income and expense:

Ray's salary from ABC, Inc.	\$100,000
Mary's salary from ABC, Inc.	75,000
Interest on savings account	1,000
Dividends	3,000
Schedule K-1(100S) from ABC, Inc.:	
Ordinary income	40,000
TTA business expense deduction	(5,000)*
Ray's unreimbursed employee expenses from Schedule A	(2,000)

*The TTA business expense deduction is a separately stated item on Schedule K-1 (100S), line 8.

The Smith's TTA income (total amount to be reported on line 3) is computed as follows:

Ray's TTA salary ($\$100,000 \times 50\%$)	\$50,000
Mary's TTA salary ($\$75,000 \times 100\%$)	75,000
Pass-through ordinary income from ABC, Inc. ($\$40,000 \times 80\%$)	32,000
TTA business expense deduction from ABC, Inc.	(5,000)
Ray's unreimbursed employee business expenses ($\$2,000 \times 50\%$)	(1,000)
Total TTA income (Worksheet VI, Part I, line 3)	\$151,000

Note: The standard deduction and personal or dependency exemptions are not included in the computation of TTA income since they are not related to trade or business activities.

Ray and Mary must compute the tax (to be entered on Worksheet VI, Part I, line 6a) on the total TTA income of \$151,000 (as if it represents all of their income). Using the tax rate schedule in their tax booklet for filing status married filing joint, the 1998 tax figured on \$151,000 is \$10,745.

Line 6b – Corporations and S corporations: If the amount on line 6b is the minimum franchise tax (\$800), you cannot use your TTA credits this year. You should complete Part IV of the worksheet to figure the amount of credit carryover.

Part II

Use Part II if you are a corporation, individual, estate or trust. Corporations and S corporations that are subject to paying only the minimum franchise tax, go to Part IV.

Line 8A, column (e) – Enter the amount from line 7. This is the amount of limitation based on the tax on TTA business income.

Line 8A, column (f) – Enter the amount of credit that is used on Schedule P (100, 540, 540NR or

541), column (b). The amount cannot be greater than the amount on line 8A, column (e) or the amount computed on line 8B, column (d). Enter this amount on form FTB 3809, Side 1, line 1a.

Line 8B, column (b) – Enter the amount of the current year credit that was computed on Worksheet I.

Line 8B, column (d) – Enter the amount of the current year credit from line 8B, column (b).

Line 8B, column (e) – Compare the amounts on line 8A, column (e) and line 8B, column (f). Enter the smaller amount.

Line 8B, column (g) – Subtract the amount on line 8B, column (e) from the amount on line 8B, column (d). Enter the result on line 8B, column (g). This is the amount of credit that can

be carried over to future years. **Note:** This carryover includes both the Schedule P (100, 540, 540NR or 541) limitation and the limitation based on TTA business income.

Line 9A, column (e) – Subtract the amount on line 8B, column (e) from the amount on line 8A, column (e). If the result is zero, your remaining credits are limited and must be carried over to future years. In this case, enter the amount from line 9B, column (d) on line 9B, column (g).

Line 9A, column (f) – Enter the amount of credit that is used on Schedule P (100, 540, 540NR or 541), column (b). The amount cannot be greater than the amount on line 9A, column (e) or the amount computed on line 9B, column (d). Enter this amount on form FTB 3809, Side 1, line 1b.

Line 9B, column (b) – Enter the amount of the current year credit that was computed on Worksheet II.

Line 9B, column (d) – Enter the amount of the current year credit on line 9B, column (b).

Line 9B, column (e) – Compare the amounts on line 9A, column (e) and line 9A, column (f). Enter the smaller amount.

Line 9B, column (g) – Subtract the amount on line 9B, column (e) from the amount on line 9B, column (d). Enter the result on line 9B, column (g). This is the amount of credit that can be carried over to future years. **Note:** This carryover includes both the Schedule P (100, 540, 540NR or 541) limitation and the limitation based on TTA business income.

Example: Part II

Note: This example is provided for information purposes only. Generally, the carryover amount in column (c) is not available for the 1998 taxable or income year.

The ABC Business has \$8,000 of tax. The business computed a credit limitation based on the TTA income of \$7,000 on Worksheet VI, line 7. The business has the following credits:

Hiring credit — \$500 and a \$300 carryover from a prior year
Sales or use tax credit — \$9,000

Worksheet VI, Part II would be computed as follows:

Part II Limitation of Credits for Corporations, Individuals and Estates and Trusts. See instructions.

	(a) Credit name	(b) Credit amount	(c) Total prior year carryover	(d) Total credit (add col. (b) and col. (c))	(e) Limitation based on TTA business income	(f) Used on Schedule P (can never be greater than col. (d) or col. (e))	(g) Carryover (col. (d) minus col. (e))
8	Hiring credit	A			7,000	800	
		B	500	300	800		-0-
9	Sales or use tax credit	A			6,200	6,200	
		B	9,000	-0-	9,000		2,800

Part III

Use Part III only if you are an S corporation.

Line 10 and Line 11, column (b) – Enter the credit computed this year from Worksheet I and Worksheet II. Also enter this amount on Form 100S:

- Schedule C, line 4; and
- Schedule K, line 13.

You may need to adjust your Schedule C (100S) to reflect the TTA tax limitation (Part I, line 7) to your credits after completing this worksheet.

Line 10 and Line 11, column (c) – Multiply the amount on line 10 and line 11, column (b) by 1/3. Enter these amounts in column (c). The amounts

in column (c) are the maximum amounts of the current year credits that may be used by the S corporation to offset its 1.5% entity-level tax (3.5% for financial S corporations).

Line 10 and Line 11, column (e) – Enter the amounts of the current year credits in column (c).

Line 10 and Line 11, column (f) – Enter the amount of credit that was used by the S corporation in the current year to offset its 1.5% entity-level tax (3.5% for financial S corporations). Enter this amount on form FTB 3809, side 1, line 1a and line 1b, respectively.

Line 10 and Line 11, column (g) – Subtract the amounts in column (f) from the amounts in column (e). These are the amounts of credits

that can be carried over to future years and used by the S corporation.

Part IV

Use Part IV if you are a corporation or S corporation subject to paying only the minimum franchise tax.

Line 12 and Line 13, column (b) – Enter the amount of current year credits that were computed on Worksheet I and Worksheet II. **S corporations** may only enter 1/3 of the amounts from Worksheet I and II.

Line 12 and Line 13, column (d) – Enter the amounts from column (b). These are the amount of credits that can be carried over to future years.

Where to Get Income Tax Forms

By Internet – If you have Internet access, you may download, view and print 1994 through 1998 California tax forms and publications. Our Internet address is:

<http://www.ftb.ca.gov>

By phone – Use F.A.S.T. to order 1996, 1997 and 1998 California personal income tax forms, 1998 California corporate tax forms and 1998 federal forms. To order a form:

- Refer to the list in your tax booklet and find the code number for the form you want to order.
- Call (800) 338-0505 and follow the instructions.

Please allow 2 weeks to receive your order. If you live outside California, please allow 3 weeks to receive your order.

In person – Most libraries, post offices and banks provide free California personal income tax booklets during the filing season. Many libraries and some quick print businesses have forms and schedules for you to photocopy (you may have to pay a nominal fee). Note that employees at libraries, post offices, banks and quick print businesses cannot provide tax information or assistance. The LARZ, LAMBRA, MEA and TTA Business Booklets are only available at our field offices. For the location of these offices, see the "Field Office" section on this page.

By mail – Write to:

Your Rights as a Taxpayer

Our goal at the Franchise Tax Board (FTB) is to make certain that your rights are protected so that you will have the highest confidence in the integrity, efficiency and fairness of our state tax system. FTB Publication 4058, California Taxpayers' Bill of Rights, includes information on your rights as a California taxpayer, the Taxpayers' Rights Advocate Program and how you can request written advice from the FTB on whether a particular transaction is taxable. See "Where to Get Income Tax Forms" on this page for how to get this publication.
